North American Coordinator
The Southern Cross Group
1884 1/2 Ontario Place NW
Washington DC 20009

Dear Ms McGregor

Thank you for sending me a copy of the Southern Cross Group's submission to the Government on the Australian Citizenship Act. I know that the citizenship issue is a matter of great importance to a large number of Australians who take out US citizenship in order to pursue their activities or protect their families' interests in the United States. It is raised with me very frequently, and I can assure you that I have conveyed to the Government the importance that the expatriate community in the United States places on it.

*Yours sincerely
Michael Thawley*
