Media Releases on Dual Citizenship

Dear Southern Cross Group Friends,

Today, both the Southern Cross Group and the Opposition put out media releases urging the Australian Government to repeal Section 17 without further delay when Parliament resumes in mid February.

The SCG pointed out that because the Government announced the intended policy change as long ago as August 2001, many people do not realise that the law to effect this change is still not through, and therefore people continue to unwittingly lose their Australian citizenship.

Both media releases can be read on the Southern Cross Group website at:
