Subject: Australian Citizenship for Maltese/Section 18 Children

Dear Anne,

Thanks for your email requesting my support for changes to the Migration Legislation Amendment Bill (2008) which would enable overseas born children of Australian-born parents who have given up their citizenship to have a direct route to Australian citizenship. I have taken on board the issues you raise and have also noted that you have been in contact with Minister Evans about this issue. As you are aware, as the Minister for Immigration and Citizenship Minister Evans has ministerial responsibilities for the issues you raise and I trust will respond to your concerns and suggestions in due course.

Best wishes,

Tanya

The Hon Tanya Plibersek MP
